Maxim Mironov

Front-end Developer

About Me

I am a beginner Front-end Developer.
Practice in technologies such as HTML, CSS, SCSS, JavaScript.
During my studies, I helped my friends in projects where I improved my knowledge and gained experience.
I have a desire to learn new things, I am responsible for the tasks set and easily find a common language with the team.

Skills

- HTML/CSS/SCSS
- JavaScript
- Github/Git
- Bootstrap
- Adaptive layout/ cross-browser layout

  lms.ithillel.ua/uploads/certificates/72448517_en.png

My Portfolio

- **GrowBe**

  mironov-maksim.github.io/growbe

  This is a training project in which I trained to adapt to different screens, based on the flexbox technology. I also learned how to make javascript sliders, a burger menu, modal windows. Worked with forms for sending messages

- **Figmaland**

  mironov-maksim.github.io/figmaland

  First project after the course. Made adaptation and used the basic features of html and css
